

Mentoring makes a BIG difference

The impact made by our volunteers is truly overwhelming. Children who have been in our program see real, positive change.

Our *Littles* graduate from high school at a rate of 20% higher than the national average.

78% of *Littles* who came from a social assistance background no longer rely on this form of income as an adult.

A disproportionately high number of former *Littles* graduate from college or university compared to others in their age group.

-Project Impact, Social Planning Council of Hamilton

Our Mission

We will be a community organization respected for our leadership in serving the needs of children through facilitating the delivery of high quality preventative programs based on relationships with appropriate volunteer role models.

Call today and share a smile.

Be BIG

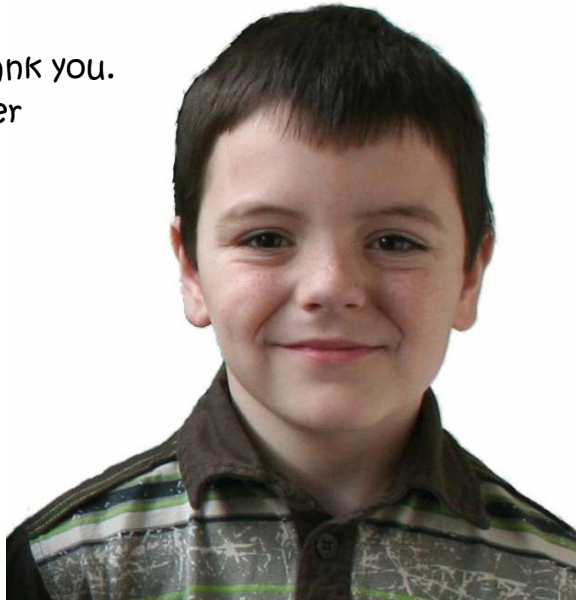

and make a BIG difference

Hi. My name is Tyler and I have been on the waiting list for a Big Brother for over 2 years. I really hope my Big Brother comes soon.

I miss my dad a lot. He used to take me fishing and we played soccer in the park. My mom says when I have a Big Brother we can do those things together and other stuff too.

If you want to be my Big Brother or you know someone else who does please call Big Brothers Big Sisters.

Thank you.
Tyler

Unfortunately, there are many children like Tyler on our waiting list. Children who just want someone special to spend time with them but don't have that person yet. If you can be that person for Tyler or another child please call and let us know.

Every child who needs a mentor should have a mentor

Big Brothers and Big Sisters are people like you who volunteer to share a little time with a young person.

Little Brothers and Little Sisters are great kids who are waiting for that special person to come into their life who will spend time with them and make them feel special.

If you are a caring, responsible person who wants to make a difference in the life of a child then you should be a mentor.

There is no greater feeling than knowing you have made somebody else's life better just by being a part of it. Become a mentor and make a life long friend. As a mentor you will have the satisfaction of knowing you made a difference in the life of a child and their family.

Make a difference in a child's life. It takes less time than you think.

3 hours a week or 3 hours a month is all you need.

Matches are made based on compatibility. When you're with your Little Brother or Little Sister you spend time together doing what you both like to do. Ride a bike, play a game, watch a movie, whatever you both enjoy. You'll be amazed what just spending time together will do, not only for your "Little" but for you too.

The program is flexible and will work around your schedule and the schedule of the child you spend time with. All that matters to your "Little" is the friendship you build with them.

We have several programs to fit the needs of every volunteer.

- One-to-One matches
- Couple matches
- Family matches
- Big Bunch - 3 hours/month commitment

Call us today to see how easy it is for you to make a difference in the life of a child.
